

June Meeting

Speaker Ken Moran

“Let's Paint with Light”

Come and join professional photographer, Kenneth Moran, for a fun and interactive evening of painting with light. Yes that's right, painting with light. Have you ever wanted to get a different look to your images? Light painting is a great technique that allows you to be as creative as you want with your images. Kenneth will demonstrate and guide you through the process so you can learn and create your own masterpiece to take home. So remember to bring your camera and tripod with you for this light painting event.
